Chapter 1 by Kamo

A young man was walking out of the bar. Like any other days, all the smiles, cheerful laughs disappeared from his face in an instant he left the front doors. Giving up on a dream of his life, trying to convince himself that he does not need 'that' to have a meaning in the life and pretending to be 'normal' like everyone else - studying, finding a job, getting married - were the ideas that crossing his mind, slowly making him losing confidence in himself more. Until he accidentally heard the casual talk of the street dwellers - it was about the scientific experiment that showed that 10,000 hours of practice can transform any person into professional in any field.

A week later, Jonathan having done his 'homework' has found out that this experiment has actually successful results from real life. A new bean of light shone into his heart. "I can do this, I have to do this, I WILL DO THIS!!!" the emotions burst inside him, he was feeling like he had the eyes of the tiger!

And thus Jonathan started his insane training. With 3 hours a day it would take him 10 years to achieve his goal. However with the doubled daily training time and increased the quality of the training he could do this in 3 years.
